17 Detron Display POP

**Wood
Workshop**

Screen Printing Workshop

1. $K = K 5$
- 2.
- 3.

1. The first step is to determine the size of the box. This is done by measuring the length, width, and height of the item to be packed.

2. The next step is to choose the type of box. There are two main types: POP (Pre-Organized Product) and POP (Pre-Organized Product).

3. The third step is to choose the type of box. There are two main types: POP (Pre-Organized Product) and POP (Pre-Organized Product).
