

# QUESTIONNAIRE ON THE STATE OF THE ENVIRONMENT

This questionnaire is intended to collect information on the state of the environment in your country. It is a key element of the Global Environment Monitoring System (GEMS) and provides a basis for assessing environmental trends and identifying areas where action is needed.

The information collected will be used to monitor and assess the state of the environment in your country and to provide a basis for assessing environmental trends and identifying areas where action is needed. The information will also be used to provide a basis for assessing environmental trends and identifying areas where action is needed.

The questionnaire is divided into two parts. Part I contains questions on the state of the environment in your country. Part II contains questions on the state of the environment in your country.

Part I contains questions on the state of the environment in your country. Part II contains questions on the state of the environment in your country.

Part II contains questions on the state of the environment in your country. Part II contains questions on the state of the environment in your country.

Part II contains questions on the state of the environment in your country. Part II contains questions on the state of the environment in your country.

Part II contains questions on the state of the environment in your country. Part II contains questions on the state of the environment in your country.

Thank you for your contribution to the GEMS process.
